

Association, eligibility, and predictive value

A

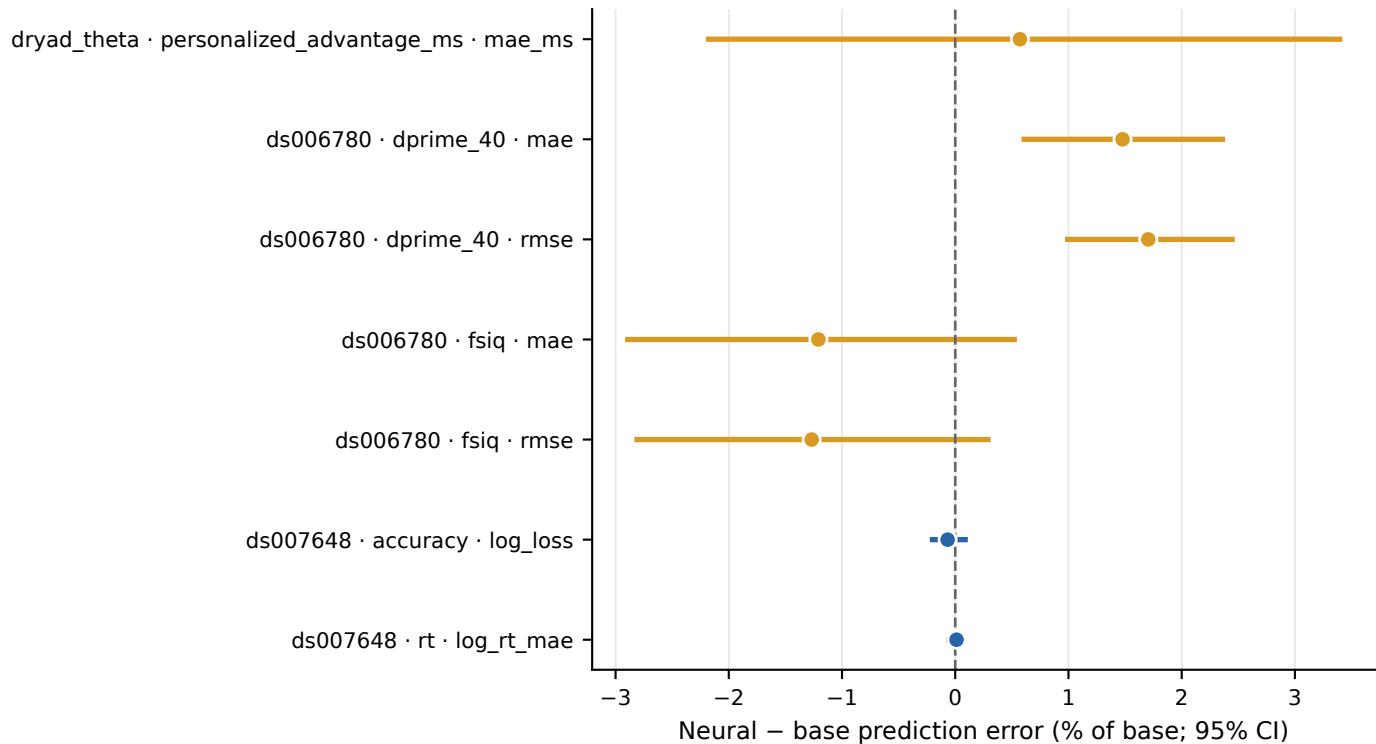

B

C

**Out-of-sample prediction increment
(Negative values favor the neural model)**

D

Validation level is context-specific

	Supported	Limited	Supported	Limited	No increment	Not tested
ds006036 visual	Supported	Limited	Supported	Limited	No increment	Not tested
ds005048 auditory	Supported	Supported	Supported	Limited	No increment	Not tested
